MEDICINAL.

There was a cry in the streets. People rushed from their doors and strained their eyes on the struggling balloonist fighting for life. Even the poor, panting sufferer in the sick room was forgotten while the family gazed breathless at this strange tragedy of the air. Then they went back to the sick room to tell of the terrible struggle for life they had just witnessed. It did not occur to them that under their very eyes a more terrible, more pathetic struggle was going on daily.

There can be nothing more pitiful than the struggle the consumptive makes against disease. The greatest help in this struggle is gained by the use of Dr. Pierce's Golden Medical Discovery. It cures obstinate coughs, weak and bleeding lungs, emacation, and

covery. It cures obstinate coughs, weak and bleeding lungs, emsciation, and other ailments which if neglected or

unskillfully treated find a false termination in consumption.

"In 1868 one of my daughters was suffering on
account of a severe cough, heetic fever, wasting
of flesh and other symptoms of diseased lungs,"
writes Rev. Joseph H. Pesperman, of Bartum
springs, Iredell Co., N. C. "I promptly gave
her Dr. R. V. Pierce's Golden Medical Discovery
with gratifying success, and she now enjoys
excellent health. This being true, I hereby
heartily endorse your medicates."

heartily endorse your medicines."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood and lunes blood and lungs.
Dr. Pierce's Pleasant Pellets assist the action of the "Discovery."

In order to produce them in t me for the early city market some are using the highest grades of commercial fer-tilizers that can be obtained and are plowing up their best plots of ground for petato petabes.

This great rush for a large grop re-calls the fact that some years ago the price of Irish potators was so low that the farmers stopped raising them for market purposes and planted only small quantities for family use. Suddenly there was an unprecedented

Big money' seemed to be in sight for the polarity grower. The yield was excellent—the farming districts abounded in Irish pututees of the fluest quality ever grown there; but that year the prices dropped down again to from 25 to 50 cents per bushel—large crops realizing barely enough, attrees figures, typay for the fertilizer and cass of cut vitior; and for a long time it was not entirely safe to say "potato" to certain good farmers thereabouts.

DID NOT LIKE BARE DUCK .- Gen. von Troths, Emperor William's acjut ant, when asked at a dinner party what he really thought of Prince Henry's visit to the United States,

"I have been to entirtainments at the principal courts of Europe, and I nave never seen such luxury and good taste as at the series of banquets and receptions in America. Nowhere is there such an exquisite cuisine."

Refer ing to American dishes, the General said none of the party liked catvasback duck, because it was served almost red, but Prince Henry ordered it at the farewell luncheon on board the Deutschland to please his American guests. The German cooks, how-ever, produced the canvaebacks well done, which the Americans did not like, but which the Prince's party, on this occasion, did like. All the royal party liked terrapio.

MARRIED AFTER LONG SEPARATION. After thirty six years' separation, Bamuel Male, a lumberman of King William county, Va., whose home is near liam county, Va., whose home is near West Point, married in Albany, New York, on Friday Mrs. Mary Jane Taverner. Male fell in love with her in England thirty-five years ago, and the couple were engaged; but owing to an aute-nuptial misunderstanding they separated, he coming to Americs, where he leter married. Mrs. Tavener married in England and came to Binghamton with her husband, who died a few years ago. Mele did not know she was alive, but going North to see the country, had a vivid dream while in New York amounting to a telepathic impression that he would eee his former sweetheart at a certain point.
